Re: Administrative Orders Index No-II-CERCLA-50114 and II-CERCLA-60102, concerning the Scientific Chemical Processing Site, 216 Paterson Plank Rd., Carlstadt, New Jersey

Gentlemen:

As you may be aware, paragraphs 28.6 and 27.6 of the above-referenced Orders Nos. II-CERCLA-50114 and II-CERCLA-60102, respectively, require the submission of monthly progress reports to EPA. EPA did agree that, in this case, submission of such reports was not necessary for the months prior to commencement of field work. However, since field work did commence during April, the first progress report was due on May 10, 1987.

Please submit the progress reports for April and May as soon as possible.

Sincerely yours,

Raymond Basso, Chief
Northern New Jersey Compliance Section
